GREAT BRITAIN WILL CARRY WAR TO U. S. COAST

London, Oct. 9.—Possible disagreement between Great Britain and the U. S. as result of German U-boats' depredations off the American coast was forecast by the Dally Chronicle today.

Counter measures taken by allies will hamper American trade and also make it "unbealthy" for American submarines off coast of the U. S.,

the newspaper asserted.

"The United States disagreed with us when it admitted the Deutschland, but the disagreement is much sharper when it admits a pizzte craft like the U-53 and fraught with many more inconveniences for the United States," said the Chronicle. "What is to prevent the U-53 being replenished at American ports and practically using the American coast as a base for preying on French and British steamers?

"Obviously, if Germany is allowed to wage such a war off the United States coast we must take counter measures. American trade will be hampered, and, incidentally, the other side of the Atlantic will become very unhealthy, not only for German, but for American submarines."

HE SAYS THEY WERE MARRIED —SHE SAYS HE'S A JOKE

Out of the killing of Anton Myslinski, 1449 W. 47th, on Sept. 16, by a joy-ride auto owned and driven by Preston Knowles, 7111 Eggleston av., and containing Chester Webster, 6715 Stewart av.; Ida Meek, 2242 Jackson blvd., and Frances Peyser, 2239 Washington blvd., has come a queer story of a mixed elopement. Webster says the car was returning from Hammond, whether the party had gone so he and Miss Meek could be married. He says they were not married then, but a few days later. Miss Meek denies that they were ever married and says Webster is a "joke." The question may be settled when the hearing into Myslinski's ljobs.

death is heard in the South Clark street court Wednesday.

WHAT WILLIAM ALLEN WHITE THINKS OF WILSON

William Allen White or Emporia, Kan., is one of the best known writers and progressives in the U.S. Recently in his newspaper, the Emporia Gazette, White paid the following tribute to Pres. Wilson:

"How well he (Pres. Wilson) seems to have managed it—this whole sordid business of going to war; how fair he has been; how patient, how dignified, how infinitely

gentle and kind!

"No bluster; no threats; no snicker of anticipation; no licking of nation's chops - just a simple-souled. brave, soft-hearted. hard-headed man. It is sad enough to go into war of any kind at any time; but it is less sad to go knowing that every honorable means has been taken to keep away from war. And this consolation Pres. Wilson has given us by his wise, forbearing Christian attitude before the provocation of a foe mad and desperate and foolish. The good God, who knows and watches over all and sees all and directs all, was in our hearts deeper than we knew when as a nation we chose this great, serene soul to lead us."

SHORT WORKING DAY FIRST

The eight-hour day is more important than the ballot to members of the Women's Trade Union league as voiced in their conference yesterday. Of course, the ladies want both, but the shorter working day is first.

Illinois law provides for a ten-hour day for working women. A bill for a nine-hour day is now before the legislature. Their next fight, if this bill goes through, will be for an eighthour work day. Five states now have this.
